Re: Melbourne Greyhound Park & Club 52 Protocols

To all our employees, guests, and partners,

I want to take this time to thank everyone for the tremendous effort that has been put forth as it pertains to adhering to the protocols that were put in place when we reopened in May. Because of everyone's efforts, we have enjoyed a safe and clean work environment that has been COVID free. Our team members continue to go above and beyond to sanitize and clean the facility throughout the day and we maintain a certified healthcare cleaning service working in the building 7 days a week after hours.

With everyone's health and wellness in mind, we will continue to require that temperatures are taken when entering the premises and that masks are worn when inside the building. We are sensitive to everyone's thoughts and concerns and while Florida has shown improving statistics as it pertains to COVID-19, we will continue to take a more conservative approach.

Our management team has reviewed and evaluated the updated CDC recommendations and Florida legislature guidelines however, we believe that this more conservative approach remains appropriate for the time being. Like you, we also look forward to returning to a more normalized atmosphere where facial coverings are not an essential part of our daily attire.

Please continue to follow us at www.MGPark.com for additional updates on tournaments, specials, hours of operation, and any changes in protocols. It is our sincere hope that everyone stays safe and we wish you and your families all the best.

Kindest regards,

Jeffrey O'Brien
General Manager
